ABOUT MYSELF

An ingenious developer with a passion for technology from an early age, I have experience in automation and data analysis, using Python, Power BI, n8n, and problem-solving, always contributing to the team's growth. I'm looking for an opportunity to apply and expand my knowledge in programming, data analysis, and software development.

WORK EXPERIENCE

 **BLINK P&C** – RIO DE JANEIRO, BRAZIL
DEVELOPMENT INTERN – 21/03/2025 – 31/07/2025

Designed and implemented Python scripts to automate data pipelines, enabling efficient generation of databases and analytical reports.
Built interactive Power BI dashboards and data visualizations to support data-driven decision-making.
Applied SQL and problem-solving skills to troubleshoot and optimize database queries.
Collaborated with cross-functional teams, providing automation and workflow improvements across business processes.
Recognized for strong logical reasoning, discipline, and collaborative mindset.
